

A wide-angle photograph of a water treatment plant. In the foreground, a curved concrete structure with a series of vertical slats allows water to flow through, creating a series of small waterfalls. The water is clear and blue. In the background, there are large circular aeration tanks with metal walkways and railings. The sky is bright blue with some light clouds. The overall scene is clean and industrial.

PT DELTA ENVIRO INDONESIA

COMPANY PROFILE

OUR HISTORY

PT Delta Enviro Indonesia is a company based in Cikarang Bekasi specializing in water and waste water treatment for the industrial sector. The company was established in 2007 as the private company. Since 2007 PT Delta Enviro Indonesia has succeeded in becoming a partner of more than 100 companies in Indonesia.

The principals of PT Delta Enviro Indonesia has had over 15 years of experience in the design and construction of water and waste water treatment plant. We have extensive knowledge in process design, development and improvement. Our Systems are more suitable in Indonesia in terms of simplicity, practicality, efficiency and cost effectiveness

OUR PROJECT

15. Environmental Document Study

A large circular water treatment tank, likely a clarifier or aeration tank, with a walkway and aeration system. The tank is filled with water and has a series of aeration devices (diffusers) visible in the foreground. The background shows a line of trees and a clear blue sky. The text "THANK YOU" is overlaid in the center of the image.

THANK YOU
